Photographic Work on Rough
Bark of Old Trees

Portfolio

Of **Mr. Puneet Katyayan**
Photographer

Have you ever heard that a person interacts with plants/trees, and reserves different visual images by capturing them in their camera memory. Mr. Puneet katyayan is one such passionate dendrophile photographer of city Lucknow, who observe, spend time with trees to understand the language of nature.

Presently, Mr. Puneet Katyayan, is a teacher by profession. He has chosen photography of trees as a subject due to his curiosity in nature, Katyayan likes to visit old trees and observe them, look after the rough bark of the trees, also visualized human face and different shapes of trees and capture them in the camera.

SQUIREL

Mr. Puneet Katyayan strongly believes that the life of plants/trees resembles the life of human beings. As the child enters from one phase to another phase of his life which include ups and downs, similarly plants also evolves into trees by bearing all such climatic changes to withstand challenges of the environment.

Mr. Katyayan feels that trees/plants also have emotions when they get harmed or cut-off by human activities then he feel extremely sad.

Mr. Puneet believes that humans will only stay alive when plants/trees(forest) will stay on this Earth then it will become better place to live for whole world.

LORD GANESHA

He has been awarded and honoured in All India Photography Exhibition for series of visual Ganpati faces, captured from trees bark and trunks.

Presently, Katyayan ji wants to capture more images of Ganpati formed from the trees bark and trunks.
